Expected in Spring 2017

Web developer with 5 years of experience, and almost a decade of professional experience. Expertise in web design and WordPress development. Additional skills in sales and what it takes to run a freelance business.

Laverty Creative Apex, NC – August 2015 to Present
Currently serving as founder, designer, and developer, and everything else.

- Designs websites, logos, T-Shirts, backgrounds, and edits images in Photoshop
- Develops websites on WordPress, typically on custom built themes for the Genesis framework, using HTML, CSS/Sass, and JavaScript/jQuery

Autoshop Solutions Apex, NC – June 2014 to August 2015
Served as Web Developer on a four-man development team.

- Developed WordPress websites, based on Photoshop mockups for Automotive clients, using HTML, CSS/Sass, and JavaScript/jQuery
- Maintained and updated PHP based and WordPress websites

Issuer Direct Morrisville, NC – October 2013 to June 2014
Served as UI Developer on a three-man development team.

- Developed user interfaces for Issuer Direct products using HTML, CSS, PHP, and JavaScript/jQuery

AT&T Pittsboro, NC – March 2012 to September 2013
Served as Senior Logistics Analyst on government contract.

- Purchased, procured, and kept inventory of tools, parts, and equipment
- Managed projects of varying scope

SAIC Patuxent River, MD – June 2011 to March 2012
Served as Engineering Technician IV on E-2D aircraft RM&S program.

- Analyzed and provided reports on E-2D aircraft maintenance data
- Planned and directed weekly review board meetings

US Air Force Worldwide – February 2007 to May 2011
Served as Aircraft Mechanic on F-16 and F-15 aircraft.

- Maintained, executed troubleshooting, tested, and repaired aircraft and related systems
- Supervised junior mechanics
